Wendy Williams is a New York Times Best Selling Author of "Wendy's Got the Heat," a #1 Essence Bestseller and host of "The Wendy Williams Experience" Radio Show. She has returned without warning to seer through the popularity of 72 Hour Hold by Bebe Moore Campbell, The Interruption of Everything by Terry McMillan and Confessions of a Video Vixen by Karrine Stefans with her latest, The Wendy William's Experience: Queen of Radio. It is a "CELEBRITY GOSSIP- PACKED"

book from a self-made multi-media celebrity icon in the radio industry whose on air personality may have evolved to form a brand of talk show radio all her own, quite historical, bold and necessary. In her 2nd book, she's bringing candid issues to the forefront as a voice of "the people," along with relationship tips for the ladies who look up to Wendy as a big sister. Wendy talks about everybody. Wherever you are in Celebrity-ville, it seems like Wendy has found you. Based on her prior book, it seems like many radio hosts would like to take her place, but the reigning and pioneering "Shock Gossip Diva" who holds down some of the most charismatic and memorable one-to-one celebrity interviews that everyone seems to be tuning in to listen to lately reflects on the necessity of her national radio show for developing celebrity careers and validates the fact, "It's better to be in the news, than not in the news at all" in her latest. Despite some of the vehement backlash on the air from top celebrities during her radio interviews featured in the book, Wendy Williams doesn't seem to be the one throwing the verbal punches if you read every single interview transcript in her book.
