# Two High Baaccarat: How To Net Bet On Baccarat

Synopsis

This book teaches you how to look at the game of Baccarat from opposites versus repeats. Instead of concentrating on patterns in a baccarat game, we teach you how to view it from a statistical analysis perspective and also how to us the concept of Net Betting to maximize profits in the game. You will look at the game of baccarat from a fresh and novel approach. This book is based on years of experience by the professional players from BeatTheCasino.com.

Customer Reviews

Nothing new here. Net-bet strategy is similar to this one was published in 1979, Frank Barstow's Beat the Casino. Then he invites you to pay "merely" $49.95 for a monthly subscription along with daily support. The second star is for listing the 5 ways to bet.

Keith at BeatTheCasino.com explanation of how to look at a game of Baccarat is novel and fresh. I never thought to look at the game from opposites and repeats. I loved the book and for $7.95 well worth the few dollars if you play baccarat seriously. The graphics are excellent and follow up

resources are available at his website he runs

Indespensible for building a winning foundation.
