# Child Support For The Non-Custodial Parent: Missouri Edition (Series 1, For The Non-Custodial Parent)

## Synopsis

~ This series of ebooks was written to give Men the information about the Corrupt Child Support System in the USA. The system is corrupt because the Family Courts have by-passed the Civil Courts and have made legal, Kangaroos Courts. In other words, in the Child Support Courts you have no Due Process or Protection and Rights as you do in Civil Court. More and more men are becoming victims and debt slaves for 18 to 21 years and beyond.

## Customer Reviews

Great ebooks. I bought one ( my State of California ) for my husband. He has had so many problems with his ex and child support. They once took all our money from our joint savings account. That money was for my child's expenses. He was already paying child support for years when they did this. They eventually gave us the money back, but it took 6 months. I wish I knew it sooner. The information is not "Top Secret" but it is information that "No One Tells You", especially the Department of Child Support Services. In this ebook Thomas, the author, says that new couples should never have joint accounts for this very reason. This kind of information can only come from a non-custodial parent who has been through the trenches.

I wish I could have rated this "book" 0 stars. \$9.99 for nothing more than a glorified pamphlet. The info contained inside isn't exactly secret either. It's all pretty much a given for anyone with common sense. It's frustrating enough having to deal with predatory court systems and vindictive exes.
